President's Message

Cheryl Tate
2017 NPEW President

HAPPY NEW YEAR! I hope you enjoyed your end of the year holidays and are ready to start fresh for 2017. I recently heard the idea of having a 'word' for the year instead of just a list of resolutions. It allows you to create a theme or goal to focus on. I have picked the word 'Purpose'. I have written it on the bookmark in my daily devotion book as a reminder (also so I don't forget it like I did last year's word)! In thinking about this word, I have realized we do not have just one purpose in life. We have a purpose in each aspect of our lives. We have a purpose at home, a purpose at work, a purpose at church, etc. It makes it much easier to realize our purpose when we make it specific to an area. I even have a purpose as your Network President – to lead an amazing group of women as we learn, grow, and help others in our community.

What would your word for the year be? Try to select a word that can be your focus this year and be prepared to share at the meeting! I think it will be inspiring to everyone and you may win a prize! See you Friday!
